CLINICAL
PLACEMENT
SURVIVAL GUIDE

AUSTRALIAN DIETITIAN
VITAL RESOURCES FOR YOUR PRACTICE

The **Nutrition and Dietetics Clinical Placement**

Survival Guide provides information for dietetic students embarking on their practical placements in the clinical setting. The editor, authors, contributors and reviewers of the text have endeavoured to provide accurate and up-to-date information however it is recommended that judicious professional assessment be applied when using this resource. The editor accepts no responsibility for omissions or inaccuracies in the content of the **Nutrition and Dietetics Clinical Placement Survival Guide**, nor the clinical decisions made by student dietitians and practitioners applying the information in this text. Users are advised to confirm that the information here complies with recent changes in evidence and protocol. Medical reference ranges and clinical practices vary between hospitals and private practices. It is advised that clinicians follow the protocol at their locality.

1.9 Infection control in the wards	41
1.10 Insurance for students and public liability coverage	42
1.11 Patient rights	43
1.12 Australian Charter of Healthcare Rights	45
1.13 Working with children	46
1.14 Support and assessment	47

2 HOSPITAL OVERVIEW

2.1 Orientation	50
2.2 Site orientation checklist	51
2.3 The people you'll meet	53
Medical specialists	53
Allied health professionals	56
Nursing staff	58
Doctors' hierarchy	59
2.4 Hospital Codes	60

3 WARD ESSENTIALS

3.1 Placement survival	62
3.2 Height and weight measurements	64
3.3 Body mass index (BMI)	65
3.4 Waist circumference	67
3.5 Adjustments to body weight	68
3.6 PG-SGA	69
3.7 Nutrient reference values	73
3.8 Overview of nutrients	74
3.9 Therapeutic diets	80
3.10 Food and fluid consumption chart	86
3.11 Medical abbreviations	87
3.12 Protein and energy requirements	90–91

3.13	Ready reckoners	92
	One-value ready reckoner	92
	Renal ready reckoner	93
	Quick renal ready reckoner	94
3.14	Conversion factors	95
3.15	Sample referral letter	96
3.16	Chart entries	97
	Sample ABCD chart entry—inpatient	97
	Sample ABCD chart entry review—inpatient	98
	Sample ABCD chart entry—outpatient	99

4 CASE STUDIES

4.1	Learning styles	102
4.2	Listening	103
4.3	Stages of change	104
4.4	Interacting with patients	106
4.5	Diet histories	107
4.6	Food frequency chart	108
4.7	Diet history abbreviations	110
4.8	Mealtimes	112
4.9	Casemix	113
4.10	Some advice from experienced practitioners	115
4.11	Managing your emotions	116
4.12	Frequently asked questions	117
4.13	The Nutrition Care Process	119
4.14	General nutrition clinical mind map	120
	Case 1 General nutrition consultation	123
4.15	Malnutrition clinical mind map	129
	Case 2 Malnutrition	132
4.16	Type 1 diabetes	138
	Type 1 diabetes clinical mind map	141
	Case 3 Type 1 diabetes	143
4.17	Type 2 diabetes	150
	Type 2 diabetes clinical mind map	151
	Case 4 Type 2 diabetes	153
4.18	Inflammatory bowel disease	159
	Crohn's disease clinical mind map	161
	Case 5 Crohn's disease	165
4.19	Obesity	171
	Obesity clinical mind map	173
	Case 6 Obesity	175
4.20	Clinical mind map template	182

5 CULTURAL COMPETENCY

5.1	Cultural competency	186
5.2	Case study—Aboriginal Australian man	187
5.3	Snapshot of Aboriginal health in Australia	189
5.4	The big picture	192
